FOR SHERIFF. Fellow Citizens of Hamblen County:

General States this method to inform you that I am, and will be a candidate before you until the ensuing Angust election is closed, for the office of Sheriff. Permit me to say to your that I anticipate chosing out my present business in which I am engaged, therefere I ask for the support of the office from the fact that I feel that I need it I deem it useless for me to give you a full synopsis of my past life and political principles, as I am generally known throughout your country; suffice to say, that I shall make the race as an honest candidate; as I have ever, and still entertain honest to say, that I shall make the race as an honest candidate; as I have ever, and still entertain honest principles, but I think it unnecessary to say anything more upon this part of my communication, as I believe you may think to be right. Suffer me to express my feelings in a few words upon the sabject of party Conventions for the purpose of monimating the various candidates for your country, I feel that every man is, or should be a free man, and analy the liberties granted him in this respect by the Constitution so wisely made by our forefathers, therefore I do not believe in party nominations; in short to take the defense of Judge G's. memory into her special keeping is, to say the least of it, a little remarkable,—to put it a little plainer, it is simply invendible. The people of sober old Sullivan did not do any such thing!

Here are Johnson and Carter, Washington and Hancock, where the great bulk of the Judge's political friends live. These counties hear of his death with light and the first and the sum of the feel that I need it. I deem it understood to take the defense of Judge G's. memory into her special keeping is, to say the least of it, a little remarkable,—to put it a little plainer, it is simply invended to any such thing?
